WORK EXPERIENCE

DevRel & Cofounder - [Cencori](#) | [Every AI request, under your control.](#)

Dec 2025 – Present

- Contributed to improving the scanning experience on Cencori by working on fixes and enhancements that help developers easily scan codebases, identify issues faster, and improve overall usability across a system handling 16,000+ repositories.
- Managed and grew the Cencori developer community through Discord moderation, developer support, ecosystem engagement, and direct interaction with users and contributors across the platform.
- Represented and pitched Cencori at the CafeCursor event, educating developers about the platform, promoting adoption within the ecosystem, and contributing to technical writing and developer-focused

DevRel Engineer - [Guaranty Trust Bank Plc](#) | [Squad - Payment Solutions For All Businesses](#)

Aug 2024 – Aug 2025

- Collaborated with engineering and product teams to optimize APIs and backend workflows, improving platform efficiency and reliability by 25% while enhancing developer and user experience.
- Supported production features for 500+ users by improving backend processes, reducing operational friction by 20%, and refining systems through user feedback and collaboration.
- Represented Squad and Guaranty Trust Bank across hackathons, campus tours, and developer events by pitching the GTCO Squad Hackathon, speaking at multiple communities and institutions, onboarding developers, and driving ecosystem engagement through technical advocacy and community outreach.

DevRel Engineer - [Microsoft, Victoria Island, Lagos, Nigeria](#)

Aug 2023 – Sep 2023

- Contributed to the development of a sensor-driven system with real-time alerts, helping improve operational efficiency by 35% through scalable and reliable system design.
- Optimized sensor-to-server communication workflows, improving system reliability by 30% while collaborating with engineers to deliver a production-ready solution.
- Led technical presentations and pitched the project before 100+ attendees, including investors and industry professionals, helping the team secure 2nd place.

PROJECTS

EchoBridge - [EchoBridge](#)

A platform designed to help persons with disabilities showcase their skills, connect globally, and access opportunities from organizations and NGOs, with a strong focus on inclusion and accessibility.

- Mentored and guided a team of persons with disabilities during a hackathon, supporting product strategy, pitching, and presentation delivery, helping the team secure a winning position.

COMMUNITY AND LEADERSHIP ENGAGEMENTS

- Community Manager, Solana Student Academy**— Managed and supported developer communities through ecosystem engagement, technical discussions, and community growth initiatives.
- Google Developer Groups (GDG), Team Lead, Publicity & Community**— Led community engagement, developer outreach, and awareness campaigns across technical programs and events.
- PRO, Computer Science Community**— Coordinated community communications, technical initiatives, and student engagement activities within the department.
- Mentor, Speaker & Hackathon Advocate** — Spoken at 10+ technical events including CafeCursor, Hult Prize, and TechPulse, mentoring developers and guiding teams in product pitching, technical communication, and hackathon execution.
- Media Team — AI UniPod, University of Lagos** — Contributed to technical community storytelling, developer outreach, and ecosystem visibility through media and content initiatives.

ACHIEVEMENTS

- 12× Hackathon Winner** — Won multiple national and international hackathons through strong technical execution, product strategy, pitching, presentation, and iterative development driven by user feedback and collaboration.
- Meta Llama Accelerator Program — Meta** — Contributed to building Verifi, a document verification platform ranked among Nigeria's top startups, while leading backend development and scalable verification systems.
- Excellence and Collaboration Award**— Selected as 1 of 20 interns from 2,200+ applicants and received Excellence and Collaboration awards for leadership, teamwork, and technical contribution.
- Community Outreach Award, FIRST Global Nigeria Team**— Recognized for community impact and outreach initiatives.
